Outline:

- ⚙ Attendees for MARE Project Meeting and Workshop
- ⚙ 15th – 17th Feb 2023 MARE Project Meeting and The Workshop on the Enterprise-Academy connection on Marine Coastal and Delta Sustainability
- ⚙ Visiting VMU Facilities
- ⚙ **Decision taken and next activities and meetings**

01. Attendees for MARE Project Meeting and Workshop

1	Anton Shkaruba	Estonian University of Life Sciences
2	Nur Hidayah Roseli	Universiti Malaysia Terengganu
3	Igor Novopashenny	Bremen University
4	Yildiray Ogurol	Bremen University
5	Katharina Lingenau	Bremen University
6	Till Rümenapp	Bremen University
7	Lê Thị Kim Thoa	Ho Chi Minh City University of Natural resources and environment
8	Trần Thị Kim	Ho Chi Minh City University of Natural resources and environment

Co-funded by the
Erasmus+ Programme
of the European Union

**MARE -Marine Coastal and Delta
Sustainability for Southeast Asia**

**Meeting with MARE Partners
Agenda 15 - 17 February 2023**

9	Phùng Thị Mỹ Diễm	Ho Chi Minh City University of Natural resources and environment
10	Vincenzo Maccarrone	Italian National Research Council
11	Daniele La Rosa	University of Catania
12	Riccardo Privitera	University of Catania
13	Lê Anh Tuấn	Can Tho University
14	Nguyen Đình Giang Nam	Can Tho University
15	Lê Như Ý	Can Tho University
16	Phan Thị Thuý Duy	Can Tho University
17	Shaharin Anwar Sulaiman	Universiti Teknologi PETRONAS
18	Teh Hee Min	Universiti Teknologi PETRONAS
19	Haizatul Hafizah Hussain	Universiti Teknologi PETRONAS
20	Shamila binti Azman	Universiti Teknologi Malaysia
21	Salmiati	Universiti Teknologi Malaysia
22	Ong Meng Chuan	Universiti Malaysia Terengganu
23	Hồ Thị Yến Thu	Centre for Marinelif e Conservation and Community Development (MCD)
24	Đỗ Anh Minh	Centre for Marinelif e Conservation and Community Development (MCD)
25	Hoàng Nguyễn Giáp	Centre for Marinelif e Conservation and Community Development (MCD)
26	Trần Thế Nam	Vietnam Maritime University
27	Đinh Thị Thúy Hằng	Vietnam Maritime University
28	Hoàng Thị Khánh Huyền	Vietnam Maritime University
29	Bùi Thị Thanh Loan	Vietnam Maritime University
30	Trần Đức Phú	Vietnam Maritime University
31	Nguyễn Thị Khánh Linh	Vietnam Maritime University
32	Phan Minh Thụ	Institute of Oceanography, Vietnam (VNIO)
33	Kalev Sepp	Estonian University of Life Sciences
34	Lagle Lõhmus	Estonian University of Life Sciences
35	Siiri Külm	Estonian University of Life Sciences
36	Khairul Anuar Mat Saad	Universiti Kuala Lumpur
37	Amayrol Zakaria	Universiti Kuala Lumpur
38	Mohd Yuzri Mohd Yusop	Universiti Kuala Lumpur

Sustainability for Southeast Asia**

**Meeting with MARE Partners
Agenda 15 - 17 February 2023**

02. 15th Feb 2023 MARE Project Meeting

Welcoming speech by Dr. Tran The Nam from Vietnam Maritime University (VMU). This MARE meeting was organized with the support of staff members of VMU.

He also summarized the activities, meeting contents, and logistics arrangement throughout the three days event to the MARE partners.

MARE creates opportunities for member schools to access the system of equipment for online classrooms and conferences, with the aim to cooperate and implement pilot E-learning courses, create and updates courses based on the knowledge and skills shared in the program and also organize international seminars and summer courses for students, researchers, and lecturers. Moreover, this also presents an opportunity for Vietnam Maritime University to build a network of connections with prestigious domestic and foreign partners regarding academic and scientific research activities.

**Meeting with MARE Partners
Agenda 15 - 17 February 2023**

Assoc. Prof. Dr. Nguyen Minh Duc, Vice President of Vietnam Maritime University and directors of International Relations Dept., Research and Development Dept., Institute of Environment and Hydraulic Engineering Faculty are pleased to welcome and work with partner institutions to discuss potential cooperation opportunities in the future.

Assoc. Prof. Dr. Nguyen Minh Duc highly appreciated the role and importance of the MARE project, as well as identified the key position of sustainable development.

International Relations Dept., Research and Development Dept., Environment Engineering Institute and Hydraulic Engineering Faculty of VMU have a close relationship and directly participate in the work packages of the MARE project. Additionally, the online classroom equipment of MARE was transferred to academic faculties and institutes, Environment Engineering Institute and Hydraulic Engineering Faculty for online teaching and creating e-learning materials.

The meeting with MARE partners was held on 15th February, 2023. Partner institutions have consulted and focused on the following matters:

- The final versions of teaching and learning Materials by the partners
- Development of eLearning multimedia modules
- Development of PhD research framework
- Establishment of sectoral collaborative platforms in each PC
- Development of arrangements for credit and physical mobility, sharing of experimental facilities, joint MSc & PhD supervision and research collaboration.
- MARE dissemination and exploitation
- Quality Control

Sustainability for Southeast Asia**

**Meeting with MARE Partners
Agenda 15 - 17 February 2023**

After the workshop, the representatives of Vietnam Maritime University and MARE members visited some typical facilities of the University: a simulator training room, training ship VMU VIET- KOREA, etc, as well as visiting Deep C Industrial Zone and Lach Huyen Port of Hai Phong City, thereby, the domestic and foreign representatives will have an overall and comprehensive view of maritime activities as well as sustainable development marine environment of Viet Nam.

University's simulator training room and classrooms have been renovated and updated at regional and international standards. The training ship VMU VIET- KOREA is equipped with full real-time simulation systems, capable of receiving 152 students at the same time and unlimited international navigation ability. The VMU VIET- KOREA training ship with experienced and knowledgeable lecturers of the University will boost the standard of marine training to keep up with the advanced countries of the continent.

MARE Member Schools/Institutes visited VMU Viet-Han training ship
