

ACTIVITY	Coordination Visit from Dr. Anton Shkaruba
ORGANIZER	Universiti Kuala Lumpur Malaysian Institute of Marine Engineering Technology (UniKL MIMET)
VENUE	Meeting Room
DATE	31 st July – 1 st August 2023

Universiti Kuala Lumpur hosted coordination visit by Dr. Anton Shkaruba. The main objective of the visit is to discuss the final technical report to be prepared at the end of the project period. All the P10 members attended the discussion.

During the meeting, we discussed all the criteria requires in the report such as relevance of the project results, regional cooperation, activities implemented, quality assurance measures, equipment, curriculum development, governance, link with society, dissemination, and sustainability of the results.

Each header requires evidence and documents to support the answers. Universiti Kuala Lumpur shared a few activities that we could include in the report.

Universiti Kuala Lumpur also conducted field trip to see where the equipment been located and how we provided the services to the students for the utilization of the usage. Since the visit in the semester break, we had organized online meetings with the students from Master program to see their feedback on the newly implemented syllabi. Based on the respondents, they were satisfied with the structure and contents of the syllabi and shared the benefit by having the subject in the program.
