Malaysia Shipowners' Association (MASA) with collaboration with Marine Department Malaysia (MARDEP) and supported by the Ministry of Transportation (MOT) has organized an event name Malaysia Maritime Week 2022 (MMW22) held at Kuala Lumpur Convention Centre from 22<sup>nd</sup> - 25<sup>th</sup> February 2022. MMW22 engaged prominent experts and specialists from across the industry to discuss the latest developments and challenges in maritime sphere. This exhibition brings together the maritime ecosystem under one roof, and offers the ability for networking, business opportunity and stay in touch with your colleagues.

With the theme, 'New Technologies for Greener Shipping', the event provided a spotlight on discussions for green transition of the maritime sector. The maritime industry needs to thrive in the new normal, to move beyond recovering from this crisis towards focusing on building effective strategies and exploring new approaches to emerge successfully from this global pandemic.

UniKL has given an opportunity to pen the booth during the 3 days event and slot for knowledge sharing especially to the programme offered at UniKL that suit with the maritime requirements.

During sharing knowledge session, the speaker briefly discussed about the programme that has collaboration and funded by Erasmus Mundus fund. Speaker shared the objective, the benefit and outcome from involved in the project.

The session has been attended by attendee during that day and spell out in the event interactive multimedia.
