

9th Dec 2020: Webinar_Industry in classroom

In total, 54 first year Bachelor of Science (Marine Science) students had participated in the International Webinar on Marine Environment: Facilitating Marine Environmental Awareness through Research and Education through UTM's Facebook livestream.

Through this webinar, the students managed to obtain more information on the ERASMUS+ MARE Project as presented by Dr Anton Shkaruba. Representatives from government agencies also provided insights on marine environmental policy, marine regulatory enforcement as well as water quality management and implementation in Malaysia from the government's perspective.

Organized by:

Co-funded by the Erasmus+ Programme of the European Union

MARE
