

16th Nov 2020 until 11th Jan 2021: Ebook_Marine Coastal and Delta Sustainability for Malaysia

In total 94 first year Bachelor of Science (Marine Science) students were first introduced to MARE-UMT project, and we have created a theme relate to Malaysia called “Marine Coastal and Delta Sustainability for Malaysia”. Students were introduced to issues related to science and management of coastal, delta, fisher, and pollution. 16 topics related to Marine Coastal and Delta Sustainability were given to them to work on, gather information and presented their ideas into e-books format and shared to the public.

E-book could be viewed on <https://inos.edu.my/>
